

CORSO

THE SPOT TO BE SINCE 1979

Back to the roots – Regionalism wherever possible!

We want to do our part to make our world a little better and to sustainably improve our Co2 footprint. A healthy return to regional basic products.

When we talk about food, we pay attention to high quality, regionality, short delivery routes and a connection to our homeland. We prefer the immediate region. What we don't get here we get from the rest of Austria and South Tyrol, only then does Europe come into play.

When you eat with us, you should be able to do so with a clear conscience. Everything is made with love and we attach great importance to this. We are allowed to present you honest cuisine that comes from the heart.

Our producers & suppliers:

Meat: Fleischhof Oberland, Neuraüter Frisch

Beef : CULT BEEF Selection

Veal: Milchkalb aus Österreich

Fish: Öztaler Quellfische, Familie Mrak

*„The only thing i like better than talking about food,
is eating good food“*
